Alexandria Gazette W. C., VIRG. MIDLAND & G. S. B. R.

MONDAY EVENING, FEBRY. 26.

THE SOUTHERN DEMOCRATS are certainly not priding themselves upon the vain hope of justice from the hands of his Fraudulency, Rutherford B. liayes. For this gentleman to recognize Hampton and Nicholls and the claimed democratic result in Florida would be to ac- C knowledge, in such recognition, that his title to the presidency was as void as his party's D claim to decency and honest conduct. Not D only this, but he would shiver the republican party into fragments with the smallest amount of good dynamite. Admitting that Rutherford is all that is claimed for him, and his accession to the presidency is only setting a new hen on a nest of rotten eggs, as the Western granger happily puts the case. No, gentlemen, your forbearance only creates dissatisfaction among your constituents, and continues the weary war through which you have struggled these many years. While we write, John Sherman, whose body is as free of red blood as his soul is of honor, arranges at Columbus the incoming Cabinet and policy. Blaine, Morton, Chandler, Cameron, Garfield, Logan & Co. will continue, and the old oppression will go on as in the past. - Wash. Capital.

THE ALEXANDRIA GAZETTE and VIRGINIA ADVERTISER, already read by three generations, proposes to continue its useful life, and now enters into another volume, determined to be the newspaper of the era in

Never have the times demanded more than now sound, thoughtful journalism. Soldom nave the people had deeper interests at stake. Never did the events of the hour, as they unfold themselves, surpass in personal interest to every citizen those which are now transpiring. Never has the importance of early, authentic intelligence of public matters been of greater miportance to every one.

To meet this new era in journalism, the GAZETTE will put forth its utmost endeavor, and its success during this entire century in extering to the wants and meeting the wishes of the people, guarantees that with this paper promise means performance.

Washington s now the point to which al! eyes look and all ears are directed. Almost at the base of the Capital, and yet in a Virginia town, amid a community which has proved its faithfulness to Virginia in more than one flery trial; surrounded by the traditions and hopes of the Commonwealth, the GAZETTE has a position unique among journals and promises to be worthy of it, its contiguity to Washington gives it an early precedence over all the journals of the State in intelligence of the operations of the General Government, now of such vital importance to the people of the South. The procoodings of Congress, seldem so interesting as now, will be regularly reported in succinct form for its columns, but all matters of especial interest in Virginia will be given in detail. Two gentlemen connected with the paper are con stantly at the Federal capital, and the Washington news of the Gazette has for a long time been the fourtain of Washington news for the

As the interests of the people mainly centrest home, no pains will be spared to chronicle al: matters occurring in the city and neighborhood, carefully excluding unseemly expressions or gress narrative as unlit for a journal that is treasured at many thousand hearthstones of Virginia.

From the State Capital it will receive early and accurate accounts of the proceedings of the General Assembly and of all the operations of the State government likely to interest the pec-

Early and reliable reports of the Grain, Cattle. Grocery and other Markets will be furnished, and the prices and position of the stocks, which are the subjects of business transactions in this section of the country, carefully quoted.

The continual favors of those who have once used the Gazette as an advertising medium is a warrant for saying that it pays to advertise in its

The Gazette came into existence before the opening of the present century. Few news-

papers in the country are its seniors During all this period its prominent object has been to advance the interests of the people of whose life it is the daily chronicle. Its fortunes have been their fortunes; it has shared their prosperity and suffered in their disasters. Its inspiration has been the desire to forward the best interests of the community in which it is located, and its own prosperity is, as it has been purposely made, inseparable from that of the community it aims to represent. When they grow rich it hopes for a reward commensurate with its labors. While they are poor it expects to work with them and for them, expecting to make their success the measure of its own.
